# Francophone Charter School of Oakland 2019-2020 School Accountability Report Card Reported Using Data from the 2019-2020 School Year 

## California Department of Education

Address:

9736 Lawlor St.<br>Oakland, CA , 946054735

Phone:

Principal: Kennedy Hilario, Executive Director

Grade K-8

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC).The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## School Description and Mission Statement (School Year 2020— 2021)

Our Mission: The mission of the Francophone Charter School of Oakland (FCSO) is to provide a dual-immersion curriculum to a diverse community of students. Our goal is to develop bilingual and bi-literate global citizens who are open-minded and value intellectual curiosity, personal integrity, and creativity.

Our Dual Immersion Model: Sometimes called Dual Language Immersion (DLI) or Two-Way Immersion (TWI), our model prepares students to achieve academic standards in both French and English. Teachers and staff speak to students in one language at a time to provide the desired balance between the two languages. Francophone uses the 90-10 model of dual immersion. In transitional kindergarten, kindergarten, first grade, and second grade, students are immersed in French $90 \%$ of the school day; the remaining $10 \%$ is taught in English. In grades 3-5, French is used 70\% of the time and English language time increases to $30 \%$. In grades 6-8, time is divided evenly between instruction in French and English. As they learn French, the international language of diplomacy, spoken in
over 29 countries around the globe by over 275 million people, our students learn about the diverse cultures and traditions in the Francophone world and have a unique opportunity to reflect on their own backgrounds, beliefs, and values.

Our Programs: Our students participate in a broad range of study, including reading, writing, speaking, and listening in French and English, history, mathematics, science, physical education, technology, and the arts. Thanks to the instructional innovation of our teachers and the support of our family community, Francophone students are prepared for the California Assessment of Student Performance and Progress (CAASPP), the Diplôme d'Etudes en Langue Française, Primary (DELF-Prim), and for a rigorous course of study in high school. Most importantly, our staff and programs gradually build students' capacity to communicate with complexity, to think critically, to collaborate with diverse groups, and to navigate a changing world.

## Student Enrollment by Grade Level (School Year 2019—2020)

| Grade Level | Number of <br> Students |
| :---: | :---: |

| Grade 1 | 49 |

| Foster Youth | $0.00 \%$ |
| Homeless | $0.00 \%$ |
| Migrant | $0.00 \%$ |
| Socioeconomically <br> Disadvantaged | $24.20 \%$ |
| Students with | $9.00 \%$ |
| Disabilities |  |

## A. Conditions of Learning

## State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## Teacher Credentials

|  | School <br> 2018- <br> Teachers | School <br> 2019- <br> 2020 | School <br> 2020- <br> $\mathbf{2 0 2 1}$ | 2020- <br> 2021 |

| Vacant Teacher Positions | 1 | 0 | 2 |

$\square$
$\square$

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Last updated: 1/28/21

## Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which the data were collected: December 2018
Our Curriculum: This section, while not exhaustive, was designed to provide an overview of what students learn at our school. Thanks to the instructional innovation of our teachers and the support of our family community, Francophone students are prepared for the California Assessment of Student Performance and Progress (CAASPP), the Diplôme d'Etudes en Langue Française, Primary (DELFPrim), and for a rigorous course of study in high school.

To partner with families and share student progress toward academic and socialemotional learning objectives, FCSO teachers and staff use email, ParentSquare (an application for home-school communication), in person parent-teacher conferences, standards-based report cards, formative assessment results including Fountas \& Pinnell reading in English and GB+ reading in French, and dual language continua reflecting year-long growth and development in English and French. In addition, families receive results on their children's performance on state-wide standardized assessments, including the English language development assessment (ELPAC) for students identified as English learners, English language arts and mathematics assessments CAASPP/SBAC) for students enrolled in grades 3 and above, and the Physical Fitness Test (PFT) for students enrolled in grade 5.

Attending to the needs of the whole child, FCSO aims to provide a safe environment for all students and to guide them to understand and manage their own emotional, social, and academic success. Students are encouraged to show respect, to collaborate, to persevere through challenges, and to be caring, concerned, global citizens. To bring forward a set of skills and practices that help students selfregulate and access their own inner resilience at home, at school, and at play, FCSO uses Toolbox by Dovetail Learning. FCSO uses the framework of Positive Behavior Intervention and Support to communicate our core values of safety, respect, and responsibility. Classroom teachers use restorative practices proactively to build relationships among students and responsively, to frame and address dilemmas when they arise.

> strategies to foster students' dialogue, critical thinking, and ability to make meaning of diverse texts and media. In the younger grades, students are encouraged to practice oral language, especially in French, through poetry, rhyme, song, memorization, repetition, and dramatic play. Teachers introduce foundational skills, such as letter identification, and, as students progress, gradually increase instruction in reading, writing, and formal academic oral expression.

## FRENCH LANGUAGE ARTS -

FCSO teachers curate songs, texts, and instructional materials from a collection of on site resources. These include the unit and lesson plans from the readers and writers workshop curriculum developed by Yves Nadon, the Canadian Francophone equivalent of Lucy
Calkins/TCRWP and a collection

|  |  | Percent |

of GB+ leveled books and running records, used to assess students' reading proficiency and to differentiate instruction through text selection and formation of guided reading groups. Teachers also draw upon Alphajeunes: trousse d'evaluation de lecture ("Alphayouth: kit for reading evaluation"), Oralbums, Rue des Contes, and the Lectorino and Lectorinette books and curriculum.
Francophone Charter School, with support from parents, teachers, and community partners, maintains a shared
library of French-language books.
Teachers select texts to align with
lesson objectives and the global citizenship mission and vision of the school. Through books and digital resources, students travel the world and explore the rich diversity of Francophone culture, without leaving Oakland.
The Charter School also
collaborates with other
established French immersion

| Subject | Textbooks and Other Instructional Materials/year of Adoption | From <br> Most <br> Recent Adoption? | Percent <br> Students <br> Lacking <br> Own <br> Assigned <br> Copy |
| :---: | :---: | :---: | :---: |
|  | programs to exchange instructional resources, practices, and innovative approaches to learning. |  |  |
| Mathematics | FCSO uses Eureka Math and <br> Zearn to teach the Common Core <br> State Standards for Mathematics. <br> Mathematics is taught primarily in <br> French using <br> materials written in English. To bridge between languages, students are taught English terms for mathematical concepts so that they can navigate complex math problems and discuss various approaches in both French and English. <br> Teachers supplement the main math program, Eureka, with digital platforms that differentiate, challenge, and support each student's individual growth. Francophone draws inspiration from Dr. Yeap Ban Har's words: <br> "Instead of teaching math, we are teaching thinking through the medium of math". | Yes | 0\% |

| Subject | Textbooks and Other Instructional Materials/year of Adoption | From <br> Most <br> Recent Adoption? | Percent <br> Students <br> Lacking Own <br> Assigned Copy |
| :---: | :---: | :---: | :---: |
|  | This approach involves the acquisition and application of mathematics concepts and skills in a wide range of situations, including non-routine, open-ended, and real-world problems. Students' problemsolving abilities are dependent on five interrelated components: Concepts, Skills, Processes, Attitudes, and Metacognition. Our math curriculum, Eureka Math, makes abstract concepts accessible to all children; lessons are designed with a model called "CRA", in which students learn about the Concrete, then the Representational, then the Abstract. Teachers seek to engage students in the eight mathematical practices, with increasing sophistication over time. |  |  |

program, published by Delta Education with Lawrence Hall of
Science to teach the Next
Generation Science Standards.
The guiding principle is as follows: "Science is a discovery activity, a process for producing new knowledge. The best way for students to appreciate the scientific enterprise, learn important scientific and engineering concepts, and develop the ability to think well is to actively participate in scientific practices through their own investigations and analyses." The program provides both science texts and science investigation kits, building students' content
knowledge and their ability to
think like scientists and
engineers. As scientists, they
observe phenomena, think about
how they relate to what is known, test their ideas, and generate explanations. Teachers curate curriculum and experiences that
foster student engagement with the eight science and engineering

languages as electives, as do many American schools, we provide a dual language immersion curriculum at all grade levels, making multilingualism an essential part of the curriculum, the student experience, the teacher training, and the community at FCSO.
We are most proud of our unique approach to assessing dual language development in French and English for each student over time. To recognize the diverse backgrounds of our learners and the various rates at which young people acquire new languages, we evaluate their growth using a continuum of language development for each of the three main domains of
language: Speaking and
Listening, Reading, and Writing.
This places an emphasis on personalized goal-setting and growth, rather than competition among peers. Using each
continuum, Francophone

|  | teachers observe a student's current abilities in the French language throughout the year; they record current levels of performance on a quarterly basis. Englishlanguage teachers do the same based on each student's abilities in English. |  |  |
| Health | FCSO draws on the Health Education Content Standards (California Department of Education, March 2008) to provide students with the knowledge and skills they need to lead healthy lives. Instruction in this area includes SocialEmotional Learning (Toolbox curriculum), aligned readings, thematic units addressing health and social studies standards, physical education, and special programs for students, parents, and the broader community. For example, past thematic units have taught students how to prepare food and | Yes | 0\% |

|  |  | Percent |
| :---: | :---: | :---: |
|  |  | Students |

make sound nutritional choices while learning about culinary traditions of the Francophone world (i.e. Vietnam, Morocco, France). Recent supplemental programs to support student health have included hearing, vision, and dental screenings onsite, as well as on-site immunization clinics. FCSO's physical education
program is based on the 2005
Physical Education Model Content
Standards for California Public
Schools. Through movement, games, and play, we seek to inspire each child to adopt a physically active lifestyle. We believe that every student, including those with disabilities or health issues, can be successful in physical education with inclusive instruction and diverse resources.
FCSO students learn the lifelong benefits of regular exercise and physical activity by participating in physical education courses for a minimum of 200

|  | minutes per ten days of school (Education Code 51210(g)) in which teamwork, movement, personal progress, and group cooperation are emphasized. FCSO anticipates health program review in May 2019, following the State Board of Education's scheduled adoption of the Health Education Curriculum Framework for California Public Schools, Transitional Kindergarten Through Grade Twelve. |  |  |
| Visual and Performing Arts | Development of student artistic expression and appreciation for art and music are integral to a well-rounded education, and a core part of a student's experience at Francophone Charter School. Students learn songs from around the world, particularly in French and English, which provide additional context and depth to their French language education. Teachers incorporate visual arts and music into daily instruction, integrating | Yes | 0\% |

|  | creativity into academic disciplines and aligning the curriculum with the creative mission and vision of the Charter School. In addition, formal music instruction is led by Music for Minors II, a program from the Bay Area, in which music objectives are taught by volunteer docents in close coordination with classroom teachers. Special events in 2018-2019, for which students develop performances including choreography, drama, and song, have included schoolwide assemblies in October and December, in which an array of cultural traditions and musical inspirations were shared. |  |  |

## School Facility Conditions and Planned Improvements

The facility was thoroughly inspected in August 2018 and January 2019. In August 2018, classrooms were emptied, all broken or outdated materials were donated or discarded, and supplies were gathered in a central location and subsequently distributed based on teacher needs and class sizes. A large campus cleans up with a team of staff and volunteers also took place to prepare the communal and outdoor areas of campus for the first day of school. Subsequently, new boundary lines were painted and line up areas were painted, designating a spot for each class to go during dismissal, transitions to and from recess, or in case of evacuation. In addition, an exterior tent was removed and scheduled to be replaced.
In January 2019, another facility inspection using the FIT resulted in an overall score of good condition for the campus. The external grounds received a fair rating due to the cracked asphalt on the schoolyard. Electrical received a fair rating due to two light fixtures in need of repair or replacement. Requests for repair were placed, but not yet completed. All other areas were found to meet the criteria for GOOD rating.
Recent improvements include repurposing of the cafeteria to accommodate 7 new staff work stations.
Planned improvements include tent replacement, light repairs, a repair to a swinging pony door in the front office, and asphalt repair.
Needed maintenance will be determined by further assessment, including inspection of security procedures and campus entrances/exits, playground equipment and play structures, etc.

Both facilities (Toler Heights and St. Jarlath) were thoroughly inspected by a Safety Team in November of 2020 and all repairs and maintenance were performed including painting, decluttering reparation of broken equipment, and all relevant ground upkeep.

## School Facility Good Repair Status

Using the most recently collected Facility Inspection Tool (FIT) data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

Year and month of the most recent FIT report: November 2020

| System Inspected | Rating | Repair Needed and Action Taken or <br> Planned |

|  |  | playground is free of litter, graffiti, and <br> fencing provides perimeter security. <br> Some areas of pavement are damaged <br> (outside of student boundaries). |
|  |  |  |

## Overall Facility Rate

Year and month of the most recent FIT report: November 2020

| Overall Rating | Good |
| :--- | :--- |

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- SARC Reporting in the 2020-2021 School Year Only Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:
- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.
- Options: Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:
- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.
- College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven taking and completing a stateadministered assessment
Percentage of Students Meeting or Exceeding the State Standard

|  | School <br> 2018- <br> Subject | School <br> 2019- <br> 2019 | District <br> 2018- <br> 2020 | District <br> 2019- <br> 2020 | State <br> 2018- <br> $\mathbf{2 0 1 9}$ | 2019- <br> 2020 |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- |
| English Language Arts <br> / Literacy (grades 3-8 <br> and 11) | $86.0 \%$ | N/A | $36.0 \%$ | N/A | $50 \%$ | N/A |
| Mathematics (grades <br> 3-8 and 11) | $74.0 \%$ | N/A | $29.0 \%$ | N/A | $39 \%$ | N/A |

Note: Cells with N/A values do not require data.
Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.
Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.
Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group for students taking and completing a state-administered assessment Grades Three through Eight and Grade Eleven

Note: Cells with N/A values do not require data.
Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

## State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

## Opportunities for Parental Involvement (School Year 2020-2021)

Francophone Charter School was founded by parent and community leaders, and, in keeping with our mission, continues to engage parents in the work of the school. Parents' involvement is encouraged during the school day, and beyond. Parents, guardians, and community partners support our school and students in many ways, including serving as trained volunteer docents in Music for Minors, preparing materials for teachers, office reception, event planning, photography, fundraising, lunch and recess supervision, and culturally themed literacy events, such as African-American History Month "Read-In", in which parents and guardians coordinate with teachers to share a special text with a class.
The Francophone Charter School Community (FCSC) is the parent organization that organizes volunteer and service opportunities for families. Within this organization, we have a President and Vice President who work closely with parent-led committees and the Executive Director to mobilize parent energy and provide a forum for parents to plan, connect, and discuss issues of interest or concern. Meetings are held monthly. Parent-led committees include Science, Technology, Engineering \& Math (STEM); Visual \& Performing Arts; Facilities; Outreach and Community Engagement; Communications; Fundraising; Literacy; Health and Wellness; Gardening; and Library.
Parents, guardians, and community members seeking involvement with
Francophone are encouraged to call our main office at 510.746.0700 or to email at contact@francophoneschool.org.

## State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates
- Chronic Absenteeism

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

|  | School <br> $2017-$ <br> 2018 | School <br> $2019-$ <br> 2020 | District <br> $2017-$ <br> 2018 | District <br> $2019-$ <br> 2020 | State <br> 2017- <br> 2018 | State <br> 2019- <br> 2020 |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: |
| Suspensions | $0.00 \%$ |  | $4.40 \%$ |  | $3.50 \%$ |  |
| Expulsions | $0.00 \%$ |  | $0.10 \%$ |  | $0.10 \%$ |  |

Suspensions and Expulsions for School Year 2019-2020 Only (data collected between July through February, partial school year due to the COVID-19 pandemic)

| Rate | School <br> 2018-2019 | District <br> 2018-2019 | State <br> $\mathbf{2 0 1 8 - 2 0 1 9}$ |
| :--- | :---: | :---: | :---: |
| Suspensions | $0.00 \%$ | $4.40 \%$ | $3.50 \%$ |
| Expulsions | $0.00 \%$ | $0.10 \%$ | $0.10 \%$ |

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

## School Safety Plan (School Year 2020-2021)

Francophone Charter School has hired s3dx as a consulting agency to create an updated and comprehensive safety plan that was approved by the Board in February 2021, effective for the 2020-21 school year.

The plan's key elements are policies and procedures on campus safety and security, emergency preparedness, disaster plans, school dress code, student discipline, policy against harassment and sexual harassment, prevention of child abuse, and employee conduct with students. In the 2020-2021 school year, the safety focus has been on staff training and community partnerships with neighborhood groups and safety agencies. The staff has completed on-line training and extensive, differentiated online training modules based on the role they inhabit and the types of safety most relevant to their daily work responsibilities, such as first aid, universal precautions, FERPA, bloodborne pathogens, child abuse reporting, setting boundaries with students, etc. With respect to community partnerships, the focus has been to foster relationships between key staff members at Francophone and community agencies with a direct or indirect focus on safety, including Oakland Fire Department, the Toler Heights Neighborhood Association, and nearby schools including Bishop O'Dowd. A major project sustained this year is the FCSO parent valet program, in which volunteers assist children out of cars in the drop-off zone in front of our lower campus, which eases traffic and reduces students' exposure to streets and crosswalks where injuries and collisions may occur. Long-term, relationships and open lines of communication will be a foundation for collaboration around safety, student wellness, and emergency preparedness. On an ongoing basis, the school provides teachers with emergency backpacks with emergency contact information for each child in the class, an emergency flashlight, and emergency blankets for each child and the teacher. All children bring emergency clothing and food at the start of each semester. The school maintains a supply of emergency management equipment including a megaphone, walkie-talkies, first aid kits, batteries, and radios.

## D. Other SARC information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Average Class Size and Class Size Distribution (Elementary) School Year 2017 -2018
$\left.\begin{array}{|lccc|}\hline \begin{array}{c}\text { Grade } \\ \text { Level }\end{array} & \begin{array}{c}\text { Average } \\ \text { Class Size }\end{array} & \begin{array}{c}\text { Number of } \\ \text { Classes *1-20 }\end{array} & \begin{array}{c}\text { Number of } \\ \text { Classes *21-32 }\end{array}\end{array} \begin{array}{c}\text { Number of } \\ \text { Classes 33+ }\end{array}\right]$

* Number of classes indicates how many classes fall into each size category (a range of total students per class).
** "Other" category is for multi-grade level classes.
Average Class Size and Class Size Distribution (Elementary) School Year 2018 -2019

## Types of Services Funded (Fiscal Year 2019-2020)

The students were supported and assisted by the Charter's two-way immersion education program as well as the after-school program.
Specifically, all students benefited from the school's universal dual language immersion and academic programs, supported through staff salaries, as well as instructional materials and student supplies. All students also benefited from arts and music integration, supported through volunteer service, staff salaries, as well instructional materials and supplies.
Some students benefited from the school's supplementary programs, supported through staff salaries, as well as expenditures on assessment tools, intervention services, and specialized training in the domains of health, social-emotional well-being, and learning.

## Teacher and Administrative Salaries (Fiscal Year 2018-2019)

| Category | District <br> Amount | State Average For Districts In <br> Same Category |
| :--- | :--- | :---: |
| Beginning Teacher Salary | $\$ 46570.00$ | $\$ 50029.00$ |
